

**Cumbria's leading family-owned  
prestige car dealership group requires a:**

## **BMW SITE PREPARATION AND DISPLAY SUPERVISOR.**

You will understand the necessity for strong vehicle stock control and high merchandising standards and will be hard-working, well-organised and able to drive others to work hard to high standards. By maintaining strong and regular communication with Managers, Service Department and Bodyshop, you will negotiate timescales and prices so that you can deliver on our key objectives of high volumes and margins with strong reconditioning controls and high levels of Customer Satisfaction. You will have some computer skills and systems/process ability although full training will be given.

The role will include, but not be limited to:

- Management of car parking facilities.
- Used car stock maintenance and display management.
- Care and display of demonstrators.
- Management of compound including safety and security .
- Recognising the importance of our websites and being responsible for minute-by-minute updating and maintenance of vehicle stock.
- Maintenance of showroom and outdoor vehicle displays.
- Managing valeters and valeting bay, including cleanliness and performance.

If you have the experience and expertise to deliver the exceptional standards required, please apply with full CV to:
